FOR IMMEDIATE RELEASE

Re: HE-BFS Company Announcement – May 1, 2008

The civil engineering and land surveying partnership of Hawkins Environmental and Butler, Fairman and Seufert (HE-BFS) in Lafayette has been successful over the past three years. In an effort to continue company improvement, HE-BFS will transition its name and ownership to Butler, Fairman and Seufert (BF&S). HE-BFS will become the Lafayette office of BF&S. One company and one name will benefit clients and the Lafayette office employees.

John Brand, President of BF&S, states "We intend to grow the Lafayette office of BF&S from 20 to 40 employees in the coming years". BF&S is dedicated to providing the same fine service on which both companies have built their reputation and will continue to be a leader in the civil engineering and land surveying industry."

The Lafayette office of BF&S will remain at its current location at 10 North Third Street. To learn more about our company, you can reach the Lafayette office at (765) 423-5602 or visit our website at www.bfsengr.com.
