

PARKWOOD CROSSING BUSINESS PARK

Project: Planning and Construction Documents for an Office Building Park in Carmel, Indiana

Client: Duke Realty, L.P.

Funding: Municipal Funding

Summary: These projects included the development of the design and construction documents for Four Parkwood, Five Parkwood, and Six Parkwood Office Buildings in Carmel, Indiana. Projects involved the civil engineering and site layout and design for office buildings and parking garages on a total of 18 acres. Design tasks included overall site and parking layout, grading and drainage design, utility coordination, erosion and sediment control plans, and close coordination with both the architect and landscape architect regarding site configuration and esthetics
